Card Number: _____ Exp. Date: _____

CVV#: _____ *Please include 3 or 4 digit number on back of card. [] Please keep my credit card on file for future payments.

Please read form carefully, fill out completely and return.

Pool Closing Includes:

- * Blowing suction and return lines with air and installing all winterizing equipment.
- * Winterizing pump and filter by removing plugs/caps to drain.
- * Installing winter plugs and removing gauges.
- * Winterizing of heater.
- * **Handrails and diving boards are NOT removed unless requested or necessary to install/close winter cover.**

IMPORTANT THINGS TO REMEMBER BEFORE WE ARRIVE:

- Due to the amount of pool closings in a day we are unable to provide an exact time of service. A message while technicians are on the way can be done if requested.
- Technicians **will not** provide any pool cleaning during closing.
- Technicians **will not** lower water level of pool at closing. ****Due to ground water issues in Central Indiana, Mermaid does not recommend lowering water level, instead using a winterizing gizzmo in skimmers. *Do not lower water if you have an Auto Cover.***
- Technicians are unable balance water chemistry at closing, we recommend bringing a pre-closing sample in store at least 48 hours prior to pool closing. Adding winter chemicals doesn't guarantee a clear pool in the spring.
- Leave all winterizing equipment and accessories easily visible from pool and within 10 feet of pool edge.
- Water and debris (leaves, sticks, etc.) must be removed from cover to avoid a **\$100.00 per hour** extra service fee that will automatically be added to closing if not performed by homeowner.
- Additional service/repairs/parts at closing (i.e., replacing seals, winter plugs, orings) will be charged for additional parts and labor.
